

Kidzu is bringing Messy Morning to you!

Toothpick Sculptures – Edible Art

Turn snack time into fun time!

Materials:

Toothpicks

Grapes, cut apple pieces, cheese stick cut into small rounds, mini marshmallows, or gumdrops
--

1 – Set out toothpicks and grapes (or other choice of snack)

2 – Encourage your children to use the food pieces as connectors to hold the toothpicks in place and build a structure. See the photos below

3 – Look at pictures of famous buildings and bridges for inspiration. If you have a globe or a map – look at where the structures are in the world.

4 – Eat your creations!
