

Kidzu is bringing Messy Morning to you!

Embrace the sunshine with this DIY Sun Catcher!

Materials:

Food coloring
Plain white glue
Toothpicks or something to mix with
Clear saran wrap
Brushes

1 - Set your space: Tape the saran wrap to your worktable!

2 - Dress for a Mess: Put on a smock or one of Dad's old undershirts or just something you don't mind getting messy.

3 - Make your paint! In a muffin tin, ice cube tray, or in small bowls, mix glue and food coloring. Stir it around with the toothpick to make nice vibrant colors.

4 - Make the sun catcher! Start painting the saran wrap. Once the masterpiece is complete, seal the artwork with another piece of saran wrap.

5 - Now stick your masterpiece on the window! Sun will shine through it and illuminate your masterpiece.
